ARTIST TALK 4PM

"Coastal Erratics," stone, bamboo, & rattan, 18 x 14 x 10 in.

"Every year I challenge myself with themes, subjects, new skills, tools and materials to manifest my visual expression. These new works are often both reflection and exploration. I have always been an inventor, which is perhaps what led me to the arts. Raised by a parent who served in the Navy, I moved to new destinations across the world every couple of years. Developmentally, every new station would either provide an explanation for dysfunction or reveal the foundation for reinvention. Making art is an opportunity for sharing this journey." - Deloss Webber
